

OSKA PULSE — CHRONIC, ACUTE AND MUSCULOSKELETAL PAIN RELIEF MEDICAL TESTIMONIES

Dr Joseph Shurman

Dr. Joseph Shurman received his medical degree from Temple University Medical School in Philadelphia, PA. He then had a rotating internship at Chestnut Hill Hospital in Philadelphia, followed by an anesthesia residency with Harvard Medical School, Massachusetts General Hospital, which included a three-month pediatric anesthesia and intensive care rotation at Philadelphia Children's Hospital. Dr. Shurman is currently an anesthesiologist and a pain consultant, as well as chairman of pain management at Scripps Memorial Hospital, La Jolla, CA. In addition, he is a clinical assistant professor at the University of California, San Diego.

“At least 70% of my patients who used the Oska Pulse product across a variety of chronic pain profiles found relief. This is a real non-drug pain relief solution.”

Dr. Mark Wiederhold

Dr. Mark Wiederhold is an internist in San Diego, CA who also holds a PhD. He received his medical degree from Rush Medical College, IL, has been in practice for more than 20 years and is one of seventy six doctors at Scripps Green Hospital, La Jolla, CA who specialize in Internal Medicine. He is the President of the Virtual Reality Medical Center in San Diego and has undertaken principal investigation activities at the Department of Clinical Investigations, Naval Medical Center in San Diego.

“I recommend it to my patients. We have found Oska Pulse to be helpful with a variety of musculoskeletal acute and chronic pain conditions. It is non-invasive and easy-to-use.”

Dr. Kathy Davis

Dr. Kathy Davis is an Associate Professor of Nursing at Gordon State College, GA where she lectures in core concepts that prepare students for careers in health services. Dr. Davis received her BSN from Clayton State College, GA, her MSN from Kennesaw University, GA and her PhD from Georgia State University. She served 10 years in the US Army Nurse Corps Reserve. Her Doctoral Dissertation and Defense was “Clinical Outcomes Involving the Use of Extracorporeal Magnetic Innervation in the Treatment of Urinary Incontinence”.

“My adult son found relief from his chronic knee pain, is able to work with near to zero pain and I was stunned by Oska Pulse’s efficacy in dealing with my sciatica issues. I’m an advocate of PEMF and Oska Pulse is an effective non-drug, noninvasive pain relief option.”

Dr. Lawrence Lavery

Dr. Lawrence Lavery is a board-certified podiatrist and Professor of Plastic Surgery, Orthopaedic Surgery, and Physical Medicine & Rehabilitation at UT Southwestern (UTSW), TX. He is medical director of UTSW Comprehensive Wound Care Center and director of the amputation prevention program at Parkland Memorial Hospital. Dr. Lavery completed undergraduate studies at Indiana University, IN and his medical degree from the Dr. William Scholl College of Podiatric Medicine in Chicago, IL. He completed a residency in podiatric medicine and surgery at University of Texas Health Science Center in San Antonio, TX where he earned a Master’s in Public Health.

“I love your device. I have shared them with some of my more difficult patients and found Oska Pulse helpful, including patients with neuropathic pain. I think Oska Pulse will help a lot of people.”

“ MEDICAL TESTIMONIES

Dr. Bradley Makimaa

Dr. Bradley Makimaa graduated Barry University School of Podiatric medicine in 1996 followed by an extensive surgical residency in foot and ankle surgery at Mount Sinai Medical Center, Miami, FL and Jackson Memorial Medical Center, Miami, FL. He had wound care training at Mount Sinai Wound Care Center and Miami Heart Wound Care Center (both in Miami, FL). He is board certified by the American Board of Foot and Ankle Surgery, a member of the American Podiatric Medical Association, Florida Podiatric Medical Association and a Fellow of American College of Foot & Ankle Surgeons. Dr. Makimaa is the president of Southernmost Foot and Ankle Specialists, a group of 6 doctors with 8 offices extending from Key West to Miami in Florida.

“Oska Pulse is the perfect ironman repair tool. Ironman training recovery phases are cut way short with this product. I use it every day; and did I mention less pain!”

Dr Jonathon Kost

Dr Jonathon Kost is Medical Director Hartford Hospital Pain Treatment Center Spine and Pain Institute at Midstate. Dr. Jonathan Kost is an anesthesiologist in West Hartford, Connecticut and is affiliated with multiple hospitals in the area, including Bristol Hospital and Hartford Hospital. He received his medical degree from American University of the Caribbean School of Medicine and has been in practice for more than 20 years.

“I truly believe that the Oska device is one of the safest and most effective treatments for pain to come along in my 25-year career as a board-certified pain management specialist.”
